HOSPITAL, CLINICS AND LABORATORIES

Expats Health Membership

“The largest private health network in Panama”

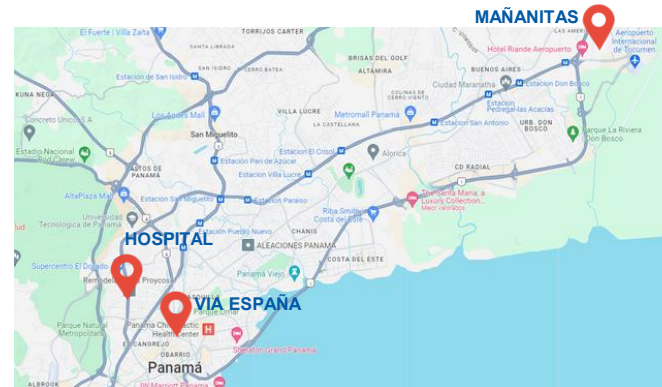

We serve more than 45,000 users each month across our service network. Our operational capacity allows us to proactively respond to our patients' needs, optimizing resources and expanding services based on demand.

- More than 27,000 laboratory tests processed monthly
- 500+ general medicine consultations daily
- 150+ specialty consultations daily
- Our infrastructure allows us to offer comprehensive healthcare to both the members of your institutions and their families.

 - Colón

27 NATIONAL CORRESPONDENTS

We have a network of primary care partners with nationwide coverage. From Darien to Bocas del Toro, we offer general medicine, specialty care, and laboratory services, ensuring our patients have access to quality healthcare regardless of their location.

VERTICAL INTEGRATION

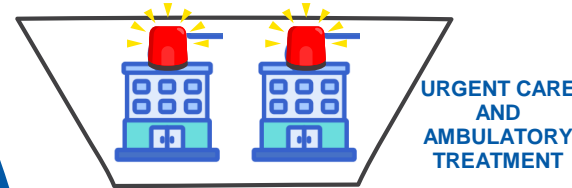

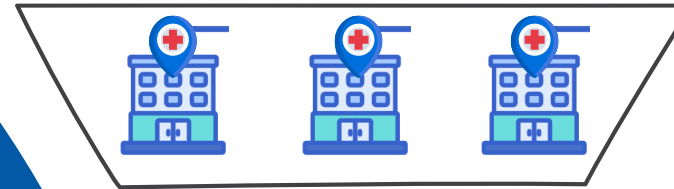

MiniMed: Innovation in Health care with Vertical Integration

MiniMed optimizes healthcare with a vertical integration model inspired by Panama's Social Security Fund, combining a network of clinics and its own hospital to improve efficiency.

Our portfolio is strengthened with home care, digital medical records, digital diagnostic results, and telemedicine, enabling faster and more secure access to healthcare services.

Thanks to the digitalization and connectivity between its units, MiniMed offers comprehensive, efficient, and accessible care, positioning itself as a benchmark in the transformation of the healthcare sector in Panama.

PRIMARY CARE NETWORK AND Y CORRESPONDENTS NETWORK

URGENT CARE AND AMBULATORY TREATMENT

THIRD LEVEL HOSPITAL

PRIMARY CARE NETWORK: Gateway to the service

- We focus on outpatient care and the treatment of low-complexity conditions.
- **Services:** Our clinics offer general and specialized medical consultations, chronic disease management, laboratory tests, vaccinations, preventive medicine, and health promotion.
- **Purpose:** It serves as a gateway for referral to higher levels if necessary.

URGENT CARE: Second level of care

It represents an intermediate level between primary care and hospitalization.

- **Services:** Care for moderately complex medical emergencies that do not require immediate hospitalization. X-rays, ultrasounds, specialized laboratories, and CT scans.
- **Purpose:** Handles more advanced diagnostic and therapeutic procedures, such as suturing, intravenous medication administration, and emergency imaging studies.
- **Distribution:** In more serious cases, referral to MiniMed Hospital for specialized care.

MINIMED HOSPITAL: Third level of care

Offers inpatient care for conditions requiring hospitalization and specialized treatment, as well as highly complex units such as the ICU, Hemodynamics, MRI, Renal Center, and more.

- **Services:** Handles highly complex surgeries, general hospitalization, advanced diagnostic procedures, and care for patients in post-surgical recovery. MRI, Hemodynamics, Maternity, Intensive Care, Major Emergencies, Emergency Specialties, Renal Center, and Respiratory Therapy.

The image features a map of Panama with various healthcare facilities marked by location pins. A central gear icon with a white cross on a blue background is surrounded by callouts for various services: 24/7 Emergency Services, Hemodynamics, Maternity and Delivery Rooms, Hospitalization and Intensive Care Unit (ICU), Radiology and Magnetic Resonance Imaging (MRI), Laboratories, Gastroenterology Center, and Renal Center and Blood Bank. The map is divided into regions: Panamá Norte, Panamá Este, Panamá Oeste, Panamá Pacífico, and Costa Verde. A button at the bottom left says 'Click for more information'.

Focused Care Benefits

Comprehensive Healthcare Solutions:

Whether it's primary care or specialized treatment, we have the expertise and resources to meet your needs.

Quick and Personalized Care:

Our 14 clinics are equipped to provide prompt, efficient service in general medicine, laboratory services, and specialties.

Seamless Patient Transfers:

If a higher level of care is required, we offer **free transportation from MiniMed Clinics to MiniMed Hospital** for advanced treatment, ensuring a smooth and stress-free experience for you and your family.

No matter where you are, there's a MiniMed clinic nearby to provide care for you and your family.
