camzoonosis@gmail.com

[NOTE: Above Quarantine email is if you are bring a pet into Panamá. You must notify them 3-5 days before arrival at the border. Prepare email (there is a form) before you leave home country.]

OCT 2023

Guatemala:

1. Park in area to right of migration building
2. First visit the window that says "Salidas" to get your passport stamp out of Guatemala
3. Next go to the office on the other side of the building to cancel the TIP at this point we only handed our current TIP (we waited a bit here and I had to ask if we could approach the window soon)
4. Next the lady walked out to our van to check the VIN and remove our sticker. She put this on our paperwork
5. She told us to make copies of the TIP w/ sticker and of the drivers passport photo page and the page with the exit stamp (we also had to give copy of registration and Drivers license which we already had)
6. Copy place was a little red building by the parking
7. Return to office and hand documents to the agent. They keep all the copies and return a stamped (canceled TIP)
8. Drive 1 km to El Salvador

El Salvador

1. We were stopped as we approached the migration building.
2. They informed us there is now a \$12 fee per person depending on nationality. We are USA and Australia. Fee can only be paid in cash
3. Agent stamps passport and collects cash. They gave us 180 days in our passport (dumb because still part of the 90 day C4 visa)
4. Next we went to the Aduana office. Very friendly but they were doing a shift change so we had to wait about 20 mins.
5. We filled out a form with our vehicle details and handed the lady our TIP from Guatemala, copy of passports, real passports, copy of License and copy + original car title.
6. She came out to the van to check the VIN
7. Few more minutes waiting for her to finalize the document. We received 60 days for our TIP (apparently the max).
8. Free to leave, as you drive through the border they will stop you one more time to stamp the TIP
